What is Haitai cabinet control system?The HAITAI cabinet control system has been widely adopted by major cabinet manufacturers across China. Supports multiple configurations, including 6-slot, 8-slot, and 12-slot options. Cabinets of different configurations can be dynamically interconnected. Supports data communication modules for multiple countries. How many batteries can a lithium phosphate cabinet support?It supports 48V/60V/72V lithium iron phosphate (LiFePO4) and ternary lithium batteries. The 6-slot cabinet serves up to 15 users per day, often at smaller retail stores or mall entrances. It is highly flexible and supports dynamic parallel connection of multiple units. What can logistics support do for lithium extraction mines?During the mining process for Lithium extraction mines, logistics support can be provided for heavy duty equipment relocation, load at mines and safe handling of heavy and oversized loads such as big bags. In addition, our logistics experts can provide international transportation and bonded storage for mining projects. Why should you choose a trusted lithium battery supplier?Li-ion batteries logistics is complex and highly regulated. This means it's essential to select a trusted supplier with the capabilities and knowledge to ensure your lithium batteries are properly handled throughout the supply chain. You need your batteries to arrive intact and on-time, to guarantee the continuity of your business.
