companion 40ah power station in Panama

What is a companion Rover lithium 40ah power station?The Companion Rover Lithium 40Ah Power Station belied its diminutive size and packed plenty of power to keep electrical gear charged on the recent Simpson Desert adventure. Image credit: Justin Walker Companion's Rover Lithium 40Ah Power Station offers plenty of portable electric grunt to ensure ample power for your camping adventures. Is Rover lithium 40ah a good power station?The Rover Lithium 40Ah Power Station's diminutive size belies its literal power and for those looking for a portable charging solution for their camping adventures, this unit is well worth a look. For those after more camp-side grunt, Companion's Rover 70Ah Power Station is another option, albeit with a seriously hefty jump in asking price. How much does a companion-rover-40ah-lithium-power-station cost?We have purchased the companion-rover-40ah-lithium-power-station from BCF on special for \$529 (\$484.62 after using e-gift cards from Red Energy for BCF). And were curious what brand and details of Solar panels people have used to charge it with? and is it best to: Charge Battery while driving with a fridge connected to battery? Is companion a good power pack?Overall, its performance was excellent, especially considering the cold conditions. Companion's portable power pack offers great value, with straightforward operation, a robust build, and excellent performance, at a reasonable price for this market segment. Is 250W enough panellage for a 5A charge controller?250W is a lot of excess panellage to be carrying around for a 5A charge controller. I suggest assessing the size and weight of 250W of panels against 100W.
